TIMELESS BY DESIGN

PROLICHT
designed to create

SHAPE

a clear geometric statement

Geometry reduced to its most confident form. Clear, cubic and uncompromising, DICE brings structure and presence to a space without visual noise. Its strength lies not in complexity, but in precision, creating architectural statements across hospitality, retail and contemporary living environments.

dice

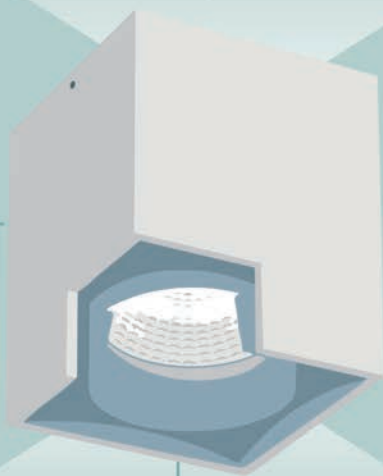

dice

integrated driver

An integrated driver enables direct mounting on concrete ceilings directly to main voltage.

visual comfort & glare control

DICE offers high visual comfort through concealed or deeply recessed optics. DICE ON and DICE INVADER provide glare-free illumination, while DICE WALL features floating coloured elements with an optional raster.

colour customization & korona effect

DICE offers extensive colour flexibility: the cube, inner cylinder and DICE INVADER cone can be finished in PROLICHT colours for seamless integration or expressive accents.

DICE INVADER

DIMENSION
H 150: 120 x 120 mm

LIGHT OUTPUT
750 - 843 lm

POWER
10.34 - 10.41 W

LED / CCT
2700 K, 3000 K,
3500 K, 4000 K

DICE ON

DIMENSION
H 125: 100 x 100 mm

LIGHT OUTPUT
645 - 808 lm

POWER
10.12 - 10.41 W

LED / CCT
2700 K, 3000 K,
3500 K, 4000 K

DICE WALL

DIMENSION
H 100: 100 x 100 mm
H 120: 120 x 120 mm

LIGHT OUTPUT
533 - 590 lm

POWER
6.53 - 6.67 W

LED / CCT
2700 K, 3000 K,
3500 K, 4000 K

DICE WALL

DICE INVADER

DICE ON

dice

An austere form creating a strong impression – that's the DICE family. The cubic luminaires and square ceiling spots are typical of PROLICHT's purist and timeless design. DICE luminaires are ideal for all applications, from shops to restaurants and hotels to living rooms.
